To get a form for entering your team by email, go to the Cross Country page of www.raceberryjam.com, look for the Dakota County Championships in the schedule of Upcoming Events, and click where it says "Coaches: Click here ..."

Raceberryjam now uses an online entry system instead of the email-based system previously employed. This will be especially useful if you enter one or more meets they service. After entering your roster, you may select a new meet and pull down the roster list, clicking on "All" will enter all the runners you've entered previously and take you to a list that allows you to delete those who will not be running. Scratches and additions will also be easier.
